BRINGING CLASSROOMS TO LIFE in Nepal

Purple Cake Day fundraising has transformed 18 classrooms in rural Nepal. Classes that were once dirty and bare are now clean, painted and furnished. Children who were once left unattended now learn in safe, nurturing, child-friendly environments.

THIS IS WHY WE DO WHAT WE DO

Thanks to First Steps Himalaya, our project partner in Nepal

CREATING OPPORTUNITIES in Kenya

Purple Cake Day fundraising has given 14 bright students from poor families an opportunity to attend high school (including boarding fees, uniforms and stationery) – an opportunity which without your help would be lost.

This is why we do what we do

GIVING HOPE in Haiti

More than just reading and writing, these students receive regular health checks, two hot meals and a safe, supportive environment. A creative oasis amongst the chaotic streets of Haiti’s capital.

65 bright kids from a tent camp have been embracing their opportunity to learn.

This is why we do what we do

MAKING A DIFFERENCE in
New Zealand

1000s of school students from New Zealand to Hong Kong have been going purple.

All of them celebrating, participating and learning about other children around the world – encouraging generosity, compassion and an awareness of others less fortunate than ourselves.

“Instilling these values in our children is priceless” – Dame Suzie Moncrieff, Purple Cake Day patron
